(I) Participation in this tournament series is by invitation only. You must be a student currently enrolled in high school, of good academic standard, and a member of your institution's fishing team. They will then be able to participate in events once the aforementioned criteria have been met and they are in the admissible grade bracket to compete. Graduating seniors will be extended a grace period and allowed to compete in the summer months once their senior year has been completed. They will not be allowed to fish in any events that are qualifying for the next calendar school year. This is a team event. You must have a partner and coach to compete. This tournament is open only to current members of official High School Clubs, recognized by said High School or an official Community Club.

Each participating team must have a Coach (Boat Captain). At each tournament contestants will receive coaching rules. All the rules in this document and the coaching rules document must be followed. Failure to follow these rules may result in penalties as laid out in this document.

However, employees, officers and directors of KBN or its parent, subsidiary, and affiliated companies and members of their immediate families (spouse, parents, children and siblings, regardless of where they live) are ineligible. Proof of grade or graduation date, to the satisfaction of tournament officials, is the responsibility of potential competitors. Any candidate for competition who, in the judgment of the Tournament Director is disabled in such a manner as to unfairly hinder his/her partner or endanger the safety and well-being of his/her partner or themselves shall not be eligible.

(ii) DURING THE OFFICIAL PRACTICE AND COMPETITION DAYS OF ANY KBN TOURNAMENT, NO COMPETITOR OR BOAT CAPTAIN MAY OPERATE A BOAT UNLESS THAT COMPETITOR OR BOAT CAPTAIN HAS DOCUMENTED PROOF OF A MINIMUM OF \$300,000 PER OCCURRENCE BOAT OWNERS LIABILITY INSURANCE COVERING THE BOAT BEING USED IN THE TOURNAMENT. 7. TACKLE AND EQUIPMENT: The use of grippers for landing bass is prohibited during tournament competition. Only artificial lures and biodegradable artificial lures may be used. No "live bait" or "prepared bait" will be permitted during official practice and competition, except for pork strips or rinds. Only ONE casting, spin-casting or spinning rod (10-foot maximum length from butt of handle to rod tip) and reel may be used at any one time. A hung lure that is not in or on the water is not considered in use and may be set aside while another is permitted in use at any given time. All bass must be caught live and in a conventional sporting manner. If a competitor breaks his line while setting the hook or retrieving a fish, he can try with the rod being used or by hand to secure the line and land the fish to be counted as legal. He may NOT hook the line with another lure, rod and reel, or another device. If a competitor loses his rod and reel while landing a bass, he MAY use another rod and reel to retrieve the lost outfit. If that rod and reel is verified to be the lost outfit that bass may be landed and counted as a legal fish. Anyone guilty of snatching or snagging visible fish will have their catch disqualified. When visually fishing a bed or for bedding bass, to be counted as a legal fish, all bass must be hooked inside the mouth and must be verified by your partner before being unhooked. With the mouth closed naturally, you must not be able to see where the hook point enters the fish to be considered hooked inside the mouth. Competitors can share baits and tackle always including competitors who have been cut from competition.

8. HORSEPOWER REGULATIONS: MAXIMUM HORSEPOWER FOR ALL OUTBOARD MOTOR BOATS USED IN OFFICIAL TOURNAMENT PRACTICE AND IN TOURNAMENT COMPETITION WILL BE 250 HP. Horsepower cannot exceed the limitations set by the U.S. Coast Guard. When required, each boat MUST have a U.S.Coast Guard horsepower rating plate attached to the boat by the manufacturer. The horsepower of the outboard engine must NOT exceed the rating specified on this plate or the horsepower maximum set by KBN Each competitor and boat captain agrees to submit, by his/her signature on the official entry form, the boat and outboard motor used in the tournament to an inspection by factory-trained personnel, if there is any reason to suspect the horsepower is more than the rating. Normal maintenance of engines is allowed. Changing or altering standard factory parts of a competitor's engine to increase the horsepower over the factory horsepower rating is forbidden, and will result in disqualification. Falsifying information on entry forms or altering the horsepower-rating numbers on the engine is also cause for immediate disqualification from KBN tournaments. Posted speed limits and those imposed by KBN must be observed and all boats must be operated in a safe manner. Violations of speed limits shall result in loss of competition hours and not limited to disqualification.

9. BOAT AND MOTOR: For the safety of all competitors, during official practice and competition, all boats must be equipped with an approved type operable ignition kill switch and lanyard. Only one manufactured lanyard may be used and it must be attached to the driver's body any time the combustion engine is operating and in gear. Anytime the combustion engine is operating and in gear, there must be a driver in the driver's seat in full control of the boat. Fishing boats that are 16 feet or more in length may be used. Any raised platform or decks cannot be higher than the gunnels of the boat. Standing on the outboard or seats while fishing is not allowed. An electric trolling motor may be used for slow maneuvering; however, trolling as a method of fishing is prohibited. The strolling or long line technique is only allowed with the trolling motor. No exceptions. All bladder tanks and any other type of auxiliary gas tanks that are not installed by the boat manufacturer are prohibited. Additional gas tanks that are factory options and installed by a manufacturer's authorized dealer are permitted. Boats that do not have factory-installed gas tanks are restricted to a maximum of 18 gallons of gasoline in tanks that meet U.S. Coast Guard regulations. Gas tanks must be properly secured or strapped in a boat. No portable gas tanks or containers capable of holding gasoline can be placed anywhere on the tournament waters or shoreline for use by any tournament competitor. No "barges" or similar craft will be permitted. No boat equipped with "stick steering" shall be permitted to be used by any competitor. "Stick steering" shall be as defined by the Tournament Director. Jet drive engines are not allowed during both official practice and competition.

10. BASIC BOAT EQUIPMENT: During official practice and competition, every boat must have all required Coast Guard safety equipment and a functional bilge pump. During official competition, every boat must have live-well space, properly aerated, to adequately maintain alive, a limit catch of bass. KBN recommends live-wells be maintained at full level and aerators/re-circulators on manual. Tournament officials shall have the sole responsibility for determining whether aeration and capacity is proper and adequate.

11. BOAT IDENTIFICATION: Prior to each day's start, each boat must be inspected by a tournament official. Each day,

each boat may be given a number, which must remain with the boat. This number must be displayed upon the request of tournament officials, and at each check-in.

12. BOAT OPERATION AND EXPENSE: In KBN events where observers replace anglers as the official rider, observers cannot assist the competing angler in any way. Observers are not required to help with gas and oil expenses.

13. PERMITTED FISHING LOCATIONS: Tournament waters shall be established by the Tournament Director for each tournament. Each competitor must obtain this information from the KBN High School Nation Department. Any water within these boundaries posted "Off-Limits" or "No Fishing" by state or federal agencies as well as the live- KBN release area established by the Tournament Director will be OFF-LIMITS and will be announced at the Tournament Briefing. Only that water open to ALL public fishing will be considered tournament waters. All angling must be done from the boat. Competitors wishing to change fish habitat by placing any object in the tournament waters may do so if such action does not violate state or federal regulations. Prior to the tournament registration, any questionable areas must be brought to the attention of tournament officials to be considered tournament waters and may be announced in the briefing for all to hear unless determined otherwise by tournament officials. Tournament officials reserve the right to restrict or enhance tournament waters based on conversations with local authorities.

14. COMPETITORS MUST REMAIN IN BOAT: During the competition days, competitors must not depart the boat to land fish or to make the boat more accessible to fishing waters. Boats must remain in tournament waters during tournament days. Competitors must leave from and return to official checkpoints by boat. Both competitors must remain in the boat always except in case of dire emergency or with permission from the Tournament Director. Exceptions spelled out in rules 5, 14 and 17. In such an emergency, or with permission from the Tournament Director, competitors may be removed from their boat to either a boat operated by other competitors or a rescue boat designated by the Tournament Director. Partners must remain together always, in sight of each other and each other's catch under the conditions cited above, for their catch of that day to be scored in the tournament. In the event of a needed restroom break, a refueling situation at a marina gas pump, contestants can leave the boat, at which time all fishing must cease until partners are back together in the boat. If a competitor violates any of the above conditions, (to contact a tournament official by phone or other means or to report an emergency or breakdown), both competitors must cease fishing at this point, and their catch must be verified by a tournament official to be counted in the tournament. If, after the emergency is resolved by tournament officials, and enough time is left for the competitors to resume fishing, a RESTART will be allowed, the competitors will continue and their catch will be counted. This applies only to dire emergency situations as determined by the Tournament Director or his/her designee. Towing boats on trailers during tournament hours is prohibited, except by the direction of tournament officials. Competitors can leave the boat to retrieve a lure. All fishing by that competitor must cease until back in the boat before making another cast.

15. OFFICIAL CHECKPOINTS: There shall be only one official check point for check- out in the morning, and one official check-in point in the afternoon, which points shall be designated at the tournament briefing. Failure to go through boat check and check-out in the morning or failure to check-in at the check-in point in the afternoon may result in disqualification. At the time of check-out, all competitors and their boats shall be in full conformity with all rules set forth by the Tournament Director. At check-in, all boats shall identify themselves by means of the numbers described in Rule 11 and proceed immediately to the designated weigh-in area. Partners must stay together, through the weigh-in process if both are weighing bass. Once bass is bagged for weigh-in, anglers that are not weighing bass do not need to accompany their partner through the weigh-in process.

16. SCORING: Tournament standings, contingency awards and final winners shall be determined by the pound and ounce weight of each competitor's catch during the competition days of the tournament. Only Largemouth, Smallmouth, Spotted, Redeye or Shoal bass will be weighed. The limit shall be 5 of the above species and varieties per day, unless otherwise specified by tournament officials. (example – hot weather/fish care concerns) At no time shall a competitor have in his or her possession more than the tournament limit. If a competitor determines they have over the limit they must immediately reduce his catch to the tournament limit with a live bass of their choice from their catch. Each returned bass will result in a 2-pound penalty to be deducted from their daily score. In this case, competitors must attempt to notify tournament officials and if unsuccessful must notify officials at check in. Once a competitor checks in they must present all legal bass to tournament officials at the verification table. If competitors at the verification table have more than the tournament limit, the competitor will reduce with live bass to the tournament limit and each returned bass will result in a 2-pound penalty to be deducted from their daily score. The official length for bass shall be determined by the Tournament Director and announced at the Tournament Briefing. In most cases, it will be the longest state limit covering the tournament waters. Only bass as described above which measure the official length or more on the longest straight line, shall be weighed. Bass presented for weigh-in, which fail to measure the official length, shall result in a penalty of 1 pound for each such

bass, which penalty shall be deducted from the total score of the competitor. Any bass that appears to have been mangled, mashed, mauled or otherwise altered will be weighed and credited only at the discretion of tournament officials. After competitors check in at the official checkpoint, they MUST present all LEGAL fish in their possession to a tournament official to be counted, measured and weighed. Once a competitor's catch is measured, counted, and verified by a tournament official, that competitor may not return to the boat until their catch has been weighed and recorded. Bass must not be stringer at any time during the tournament. Culling tags or clips are allowed. Specially designed bags which increase survival rate will be furnished by the Tournament Director and must be used for the weigh-in.

17. CATCH AND RELEASE: CULLING OF DEAD BASS IS PROHIBITED. For each legal dead bass presented to weigh-ins officials, the competitor shall be penalized 8 oz. The Tournament Director or his designees shall have sole authority for assessing penalty points. In addition, the Tournament Director, or his/her designees, may reduce tournament hours or tournament limits for fish care purposes. It is suggested in warm weather tournaments anglers keep extra ice for fish care. Contestants can purchase ice on the water; however, they are not allowed to receive ice from non-contestants. Upon mutual consent between both competitors paired together, for fish care concerns, the verification table will open one hour prior to check-in time of the first flight. SMALL DIP NETS FOR CULLING PURPOSES ARE ENCOURAGED.

18. LATE PENALTY: Competitors who are not at the official check-in point, as described in Rule 15, at the appointed time, shall be penalized at the rate of 1 pound per minute late to be deducted from the total weight of his/her catch that day, including any weight to be counted toward a "big bass award". Any competitor more than 15 minutes late shall lose all credit for that day's catch. There shall be no excuse for tardiness and in no case, shall a competitor be allowed to make up "lost time." After proper recognition at the check-in point, competitors will be allowed ample time to proceed to the weigh-in site; however, all fishing must cease upon check-in. After the tournament begins, fishing the tournament waters is prohibited except during the tournament hours. Exact starting and check-in times will be announced at the tournament briefing. It is each angler's responsibility to confirm check-in times each day on the daily pairings.

19. TIES: At any KBN High School Nation tournament, in case of a tie for first place at the end of the tournament that is not resolved by the following five (5) tie breakers there will be a sudden-death fish-off between the tied competitors, under the direction and special rules established by tournament officials. All other team ties, the following tie breakers will be used in the following order: (1) the heaviest single day catch during competition (2) if the tie is not broken, the next tiebreaker will be the second heaviest single day catch during competition. (3) if the tie is not broken, the next tiebreaker will be the largest number of legal live fish weighed during competition; (4) if the tie is not broken, the next tiebreaker will be the largest number of legal fish weighed during competition; (5) If the tie is not broken, the next tie breaker will be the biggest bass weighed. If the tie is not broken by applying the foregoing procedures, the tie will remain a tie, and monetary prizes will be awarded in an equal amount between the tied teams. In the instance where merchandise is involved, prizes will be awarded as determined by tournament officials.

20. PAIRING OF COMPETITORS: Two competitors from the same High School club will be assigned to each boat. It will be the responsibility of each partner to appear at a mutually agreed upon location with sufficient time remaining to check-out at the official checkpoint and start on time. Tournament officials shall have no responsibility for finding missing partners. It is suggested that a minimum of 30 minutes is required for preparation to depart to the check - out point. When two competitors check out at the beginning of the day, they must stay together and within sight of each other and each other's catch throughout the day until the weigh-in; except in case of dire emergency (see Rule 14, 15 and 17). A team must not allow any bass caught by them to be counted on the score of another team. In such a case, both competitors shall be disqualified from this tournament and from all future tournaments conducted by KBN

21. RULES VIOLATIONS AND APPEALS COMMITTEE:

An appeals committee will be established by KBN which shall be comprised of one KBN employee not affiliated with the Tournament Department, and two anglers who are not competitors in the event in question. ****New this year for 2024-2025 season: Female AOY we will be awarding a female team that finishes the highest on each Trail. In order to be eligible for this there must be two female anglers in the boat. They will still weigh in with the rest of the field but when we look at the end of the year points that will be the deciding factor for those all female teams. This will then secure them a spot to our KBN State Championship. (This only secures you a spot for the State Championship) We must still follow the guidelines in order to secure a spot for BASS Nationals.**

**** Battle At the Borders- The top 100 high school and Jr teams will come from the 2024 Spring/Fall season.**
